WESMAR

PETTIT Simply better.

HMY Yacht Sales' Owner Steve Moynihan

Greetings from the cockpit!

Summer is over and it is our hope that whether you cruised or fished this summer it was a time of family enjoyment aboard your boat that is filled with pleasant memories. With this issue of SETTING COURSE, we shift from summer activities and into the fall season and that means the Ft. Lauderdale Boat Show.

The show runs October 28 through November 1 at the Bahia Mar Hotel and Resort. HMY will again have our display barge -greatly expanded this year - at the end of D dock. At our brokerage display we anticipate 27 yachts from the mid forties to a couple of 84 footers. Our sales staff will be on site and eager to meet you there as well as at the Viking Yacht and Princess Yacht, presented Viking Sport Cruisers, both immediately across the dock from the HMY barge. Other members of our sales team will be at Tiara Yachts, Grand Banks Yachts and for the first time at the Maritimo display. Each of these manufacturers have new models being introduced at the show. If you need more information about any new or brokerage boats contact your favorite HMY sales team member for more details.

If you have been following our website: www.hmy.com you know that we have just opened our newest office, and our 8th waterfront location, at Palm Harbor Marina in West Palm Beach, FL. Salesmen Steve Barcsansky, Mike Burke, Steve Conroy, Jay Hendrix and new to HMY...Steve Sadosky, will be manning the office which is open 7 days a week. When you come by, say hello to Jill Scanio who has just joined HMY to assist the salesmen.

Another Fall activity that HMY is proud to be a part of...For the second year in a row, HMY Yachts is major sponsor of the Miami Dolphins football team. HMY salesmen will be in attendance at all Dolphins' home games. HMY commercials are being featured on all in-stadium TV screens throughout each home game as well. HMY will also be participating in all Miami Dolphins' Alumni Weekend activities surrounding the November 18th and December 5th game against the Cleavland Browns. HMY will have a 32' Tiara on display outside the stadium. GO FINS!

To ensure that you are receiving all of our latest news, special sales promotions, event information and other happenings at HMY. Please take the time to register your email address on our website.

Maritimo M56 Key Features:

Since creating the ultimate range of luxury motoryachts Bill Barry-Cotter and his team of designers haven't put their feet up for a moment. In fact, they keep challenging each other to go one better. One the new Maritimo 56, a raked bow and longer flybridge has created a sleek new look. By not accepting the status quo, a superb interior design has become even more spacious and luxurious.

Open the three-way sliding doors from the vast cockpit and you'll see a superbly appointed galley in just the right position for easy entertaining both inside and out back. The saloon is spacious and light thanks to sliding picture windows but if you ever tire of the water views, there's a flat screen TV/ DVD and surround sound system to be enjoyed in climate-controlled comfort. Below deck, the sleeping quarters satisfy every indulgence in a three-cabin, two-bathroom layout that features an enormous owner's stateroom with private ensuite.

Unshackle the Maritimo 56 and you'll soon see how a motoryacht's 'ride' contributes to the pleasure of cruising. Designed with an advanced variable deadrise hull, engines mounted forward and long-range fuel tanks positioned amid ships, the 56 has superb balance and poise, and a more efficient propeller shaft angle of just 9 degrees. Apply the power and you'll never bury the stern, ride bow high - or use fuel inefficiently. Which is probably why you can expect a minimum of 400NM range at planning cruise speed of 25knots.

Contact the HMY office nearest you or visit our website for further information on Maritimo Yachts.

What's in a name is only as good as what stands behind it.

For 45 years, Princess Yachts International has been committed to building the finest luxury performance cruising yachts available as a company with a solid financial foundation, managed by its original founder, with a focus on continous reinvestment and product development.

For 15 years, Viking and Princess Yachts International have worked together to bring these yachts to the American market under the Viking Sport Cruisers brand with unparalleled customer service and ownership comfort.

For 2 years, Princess Yachts International has been a member of the exquisite LVMH family of luxury brands, which includes over 60 of the world's pinnacle companies best known for uncompromising quality.

Today, we are pleased to present Princess Yachts as a global brand with all yachts delivered to North America, Mexico, Central America, and the Caribbean now bearing the Princess name and backed by the outstanding service and support of Viking Sport Cruisers.

We invite you to discover our outstanding range of luxury performance V Class, Flybridge, and M Class Yachts from 42 to 130 feet.

Your passion. Our promise.

Inspired by tradition, enlightened by innovation, built by Grand Banks: an entirely new Aleutian, smaller in size but with the same uncompromising performance, luxury and craftsmanship you expect from our raised pilothouse series. Sip fuel for a thousand miles, or speed across the horizon at 23 knots: however you choose to cruise, this all-new Aleutian will carry you in quiet comfort and still have your heart racing. Standard three-stateroom layout also includes utility room or crew's quarters for ample accommodations. Now available for the first time in the United States. Log on to learn more: grandbanks.com/53RP

THINKING GREEN

Quality Printing Company has taken a leadership position in the growing trend toward more environmentally responsible print production. As one of Central Indiana's first Forest Stewardship Council-Certified sheet-fed printers, we have developed a responsible, well-managed, high-value program for ensuring your printed materials meet the highest environmental standards.

In addition to stocking FSC chain-of-custody certified papers, we have developed systems and supplier relationships that enable us to provide alternatives to chlorine-compound-processed papers and 100% petroleum-based inks.

In early 2008, Quality Printing launched the "Earthtone Printing Initiative," (www.earthtoneprinting.com) a business unit within our company that is focused on providing both the highest value for environment-friendly print production, and the greatest expertise in helping determine where sustainable printing methods are appropriate for conventional projects.

To find out more about Quality Printing and the Earthtone Printing Initiative, visit our website at **www.quality-printing.com.**

earthtone

WELCOME TO EARTHTONE PRINTING. WELCOME TO SUSTAINABILITY.

earthtone

Earthtone printing is the new sustainable practices initiative from Quality Printing Company. We're proud to be among the first sheet-fed printers in Indiana to achieve FSC (Forest Stewardship Council) certification and are happy to be able to provide responsible printing practices important to so many of our client partners. Quality Printing can provide you with FSC-certified papers, printed with soy-based inks, using some of the most energy-efficient, pollution-reducing pre-press and production systems in our industry.

OUR GROWING INITIATIVE.

Call us toll free at 800.771.1142 for more on our Earthtone sustainable practices initiative. Our customer support team has been trained to understand and explain the sustainable printing options available to you. No high-pressure tactics (or guilt-heaping!). Just a simple, straightforward discussion that will help us all move toward a more sustainable and mutually beneficial future.

Causing a stir at sea.
MAN V12-1800

PUBLICIS

MAN engines. Fascination in hp.

MAN's marine engines are on the crest of the wave to success. Their superb dynamics, cultivated running and exemplary environmental compatibility are sure to convince you. As are their impressive power ratings from 730 hp to 1,800 hp. They get their luxury yachts planing fast and send their owners into raptures.
